Who We Are:

The Women's Caucus for Art, founded in 1972, is a national organization with 30 local and regional chapters throughout the USA. WCA has a multicultural membership of artists, art historians, students, educators, gallery and museum professionals, and others involved in the visual arts. During its 30-year history, it has focused attention on the contributions of women and people of color to the history of art. WCA has also established a national network through research, exhibitions, conferences and honor awards for achievement.

The Women's Caucus for Art of Georgia was established as a regional chapter in 2000 and is based in Atlanta. Chapter activities include exhibitions, art discussions, critiques, workshops, lectures and visits to museums and galleries.
